Customers are requested to arrange any extra services that may be required with management such as boat launching, testing, boat and trailer cleaning. Maintenance or repair work will only be undertaken at the specific request of the customer. This policy has been implemented to avoid any conflicts over charges and accounts. Arrangements should be made through [marina@captainandyskenya.com](mailto:marina@captainandyskenya.com) or 0723 974666

Engine assessments are to be charged when the Yamaha certified mechanics assess an engine and the corrective recommendations are not taken forward. Should the specialist advise be taken forward, and work is carried out on the engine, the assessment fee will not

While our day and night staff endeavour to ensure that boats are checked during rains, it is on the onus of the owner to ensure their boat is fitted with a bilge pump or is covered with a tarpaulin.

We strongly recommend that boat owners organise their own boat, engine and equipment insurance

We would remind you that all vessels, engines, equipment are moved, stored or moored at owners risk. Captain Andy's Fishing Supply Ltd will not be responsible for any loss howsoever occasioned to any vessel or equipment including loss, theft, damage or fire.

Mooring and storage of boats and the use of any of our facilities is the responsibility of the boat owner/ handler. To avoid accidents we kindly ask that only experienced boat handlers use our facility. Please do not operate boats under the influence of alcohol.

Please let us have written authorisation for any person you have allowed to borrow your boat to avoid any potential misunderstandings.
